

NEIL O. ANDERSON, PE, GE

Neil Anderson incorporated Neil O. Anderson & Associates (NOA) over 16 years ago. From a modest beginning, Neil has managed and supervised the continual growth of NOA to now encompass five offices in two states with over 70 employees.

Neil earned his Bachelors and Masters Degrees in Civil and Geotechnical Engineering. Having written thousands of reports for clients, he has extensive experience and is proficient in geotechnical, structural, and construction materials engineering. He has authored numerous articles and is a nationally sought after conference speaker due to his expertise in the swimming pool industry.

Neil is a California Licensed Civil and Geotechnical Engineer with additional professional engineering licenses in over 20 other states. Neil loves a challenge and to apply the principles of engineering to solve problems.

Please contact Neil if you feel he can be of any assistance to you.
