

NOAH SMITH, PE, GE

Noah Smith has been an asset to the company of Neil O. Anderson & Associates, Inc., since 1999. As a shareholder and in the current capacity of the Project Manager for the Walnut Creek office, Noah has a range of responsibilities. This includes conducting geotechnical investigations and inspections, statistical analysis and structural and swimming pool engineering.

With a Master of Science Degree in Civil Engineering and as a Registered Professional Engineer (Civil and Geotechnical) Noah has brought his experience and a great deal of enthusiasm into the workplace. His computer literacy in a variety of programs and fluency in Spanish have been an additional benefit.

Feel free to contact Noah if he can be of any assistance to you.
