

School Siting STRATEGY

Like a game of chess, every move matters when it comes to school siting. Neil O. Anderson & Associates (NOA) has the experience and staff of creative people to come up with a winning plan.

NOA maintains control of all aspects of the job, so there are no surprises. As a result, your school construction project gets off the ground faster.

NOA provides the following services individually or as a package:

Services

- Initial Feasibility Study
- Phase I Environmental Site Assessment
- Preliminary Environmental Assessment
- Geotechnical Investigation
- Geological Hazards Investigation
- Septic Study/Specialty Septic Design
- CEQA Compliance
